Dear Sis:

Well I certainly was glad to hear from you I did not know whether you were going to write or not but I got it yesterday.

I went to the hospital tuesday and have to go again to day . my eyes are worse since I went to the hospital and my eye distance is 8-20 when to get in the navy it must be atleast 15-20.

this is one dead place if ever there was one what I mean is this bull pen under the keepers hold overs not a thing to do only work a little each morning and sit and read or pday the

rest of the day we don't have no movies here at all but they do across the fence.

I say if you want to see some airplanes come down here they are going all day espessialy today there is about 200 up now.

You say it must be hot here well not so very it was about 120° degrees in the shade this afternoon. Ha! Ha!

Mrs. Miller and Miss Harris were at the train as I went through Chehalis and I shook hands with them O! boy you can imagine how I felt.

Just got back from the hospital now so will finish my letter, my paper I brought back said I was disqualified to his opinion

but you can't go by what they say, I won't know until Monday what I am going to do.

Say Verna tell Ruby I am sorry I can't write her because they won't let me do any more writing or reading than I can help.

Guess I will have to close so if the Bed Bug don't Bite the Lice the next one will be in about two weeks.

Your Brother
Bob.
